## CLINICAL REFERENCE GUIDE

Please review these instructions carefully to insure that you submit relevant material in a publishable format.

### Instructions

**Published Clinical Papers:** List all clinical papers that relate to your product which you wish to include in Clinical Reference Guide. Please provide the most complete information that you can. You do not have to follow the format for clinical papers in the sample on the form; however, you should provide enough information so that our readers can locate your papers. We will publish your material in the citation format we receive, so please check your info carefully.

**Abstracts:** Please provide as complete information as possible. YOU MAY ALSO SELECT TWO ABSTRACTS ABOUT YOUR PRODUCT FOR PUBLICATION IN THE REFERENCE GUIDE. Maximum word count: 500 words. These will be published at the discretion of the publisher and editor, subject to space limitations. Send the two abstracts you want us to consider for publication in a separate file.

**White papers/in-house papers/promotional materials:** You may provide whatever sources of information you believe are appropriate for review by our readers.

**How to submit:** It is best to submit your material as an e-mail file to: s.gold4@verizon.net. Please DO NOT format your submission; that is, no fancy typefaces or design elements. The simpler the better. Send your information in a WORD format compatible with a PC. (No doc-x documents, please. No pdfs or jpgs.) We do not publish photographs or artwork. Please check your submission carefully, as you will not receive a proof.

**Deadline:** The deadline for your submission is February 1, 2009. THIS DEADLINE IS FIRM.

If you have any questions, please contact Les Plesko at s.gold4@verizon.net. Companies are responsible for the accuracy of all information provided. All listings may be edited by the publisher and editor. Receipt of information is not a guarantee of publication.

**A note from the editor:** This is the premier edition of the directory. As such, your suggestions about the format or information to be included in this guide are welcome and encouraged. Please contact me at our e-mail address.
